## Getting the Right Cheap Car, Tempe, AZ

Are you wondering what kind of cheap car Tempe has to offer? DriveTime has 7 locations in the Phoenix metropolitan area, two of them very accessible to Tempe. If you're north of US 60, our Mesa location is probably the most convenient for you. For those auto shoppers south of the 60, our Chandler location might be a better option.

Most Tempe residents already know about DriveTime and how we help provide auto financing to people who have bad credit or no credit. At DriveTime, we understand that almost nobody has perfect credit. We've built our reputation on our ability to offer financing to just about everyone who walks through our doors.

Many people with bad credit limit their search to inexpensive cars because they think that's all they can qualify for. If you've got bad credit and are shopping for a cheap car Tempe residents don't have to settle for a low-quality vehicle. DriveTime sells only high quality pre-owned cars, trucks and vans which have passed our rigorous 53-point inspection process. In addition, we back up every vehicle we sell with our industry-leading limited warranty.

## The Cheap Car Tempe Wants—and Needs!

We know there are lots of dealerships out there, but we recommend that you don't settle for the kind of cheap car Tempe dealerships sometimes try to sell you if you've got bad credit. Regardless of your credit situation, you deserve a reliable car that you'll be proud to drive. And you can get just that at DriveTime!

Before you head off to one of the local Tempe cheap car dealerships, you might ask yourself a few questions. Do they offer a large inventory of late-model used vehicles? Do they have multiple lots to choose from? Do they provide a warranty, and back it up in writing? Where does their financing come from? Who actually makes the lending decisions?

(For the record, the answers to these questions, when asked about DriveTime dealerships are: Yes, Yes, Yes, DriveTime's own finance company, and DriveTime sales managers.)

Relax—you have another option. Whatever the reasons for shopping for a cheap car, Tempe consumers have several DriveTime locations nearby who can help them get both the vehicle and the financing. So shop around if you must, but make sure your shopping includes a stop at our Mesa or Chandler location (or both!) so we can have a chance to challenge your assumptions about used car shopping and how it needs to be.
